DATE OF ZONING BOARD OF APPEALS MEETING: DATE ADVERTISED: DATE PROPERTY NOTICES WERE SENT:

Sec. 28.11 of the Georgetown Charter Township Zoning Ordinance establishes the powers and duties of the Zoning Board of Appeals. All Variance requests must meet the specific standards listed in that section in order to be approved. In the space below or additional sheets, if needed, state how your request meets each of the approval standards.

Section 28.11 of the Zoning Ordinance states:

- (C) **Variations.** The Board of Appeals shall have the power to authorize, upon an appeal, specific variations from the requirements of this Ordinance, when the applicant demonstrates that ALL of the following conditions will be satisfied.

*(Please describe, in detail, how your request meets each of the following standards.)*

- (1) Granting the variance be in the public interest and will ensure that the spirit of this Ordinance shall be observed. *(Will the intentions of the ordinance be upheld and will there be no detrimental effects to the public if the variance is granted?)*

It would . It will be better for  
my neighbors as they look at the back of my  
property and if the garage is put to the back of the  
property they will look at it all the time

- (2) Granting the variance shall not permit the establishment within a district of any use which is prohibited, nor shall any use variances be granted. *(Is the use to which the variance relates allowed in the zoning district where the site is located?)*

Yes

- (3) That there are practical difficulties in complying with the standards of the Zoning Ordinance resulting from exceptional, extraordinary, or unique circumstances or conditions applying to the property in question, that do not generally apply to other property or uses in the vicinity in the same zoning district; and have not resulted from the adoption of this Ordinance. *(What unusual circumstances related to the property, that are different from other neighboring properties, necessitate the request?)*

The house is far off the road and will be better  
for all around if it is put in front of the house  
Trees blocking the garage from the road

(4) That the granting of such variance will not be of substantial detriment to adjacent properties or improvements in the vicinity; or, that the application of conditions to an approved variance will eliminate or sufficiently mitigate potential detrimental impacts. *(Present evidence that if the variance is granted, the adjacent properties will not suffer from detrimental effects.)*

It will be a nice Garage with Landscape around It  
Put Trees in front so it will not be seen from the road

(5) That granting such variance is necessary for the preservation of a substantial property right possessed by other properties in the vicinity in the same zoning district. *(What substantial property right are you denied under the current circumstances?)*

Other applicants were granted  
Similar variance from ZBA for similar circumstances

(6) That granting such variance will not cause any existing non-conforming use, structure, or condition to be increased or perpetuated, contrary to the provisions of Chapter 27 of this Ordinance, except in accordance with Section 27.12 *(Are there any circumstances on the property that are currently non-conforming? If so, will the non-conforming be increased or enlarged?)*

No

(7) That the variance is not necessitated as a result of any action or inaction of the applicant. *(revised 4-23-2001) (Is this request necessary because of anything that has been done or not done by the applicant?)*

No
