RE: Monthly Report (July 2020)

In July the Sheriff's Office responded to 787 calls for service in Georgetown Township. The Paramedic Units responded to 147 medicals. Deputies made a total of 196 traffic contacts and cited 128 violations.

There was a Black Lives Matter rally and march on Saturday July 25th that was well attended. We were able to meet with the organizers prior to the event and offer our assistance with road crossing and overall area patrol. The organizer's had things well in hand and the event went off without any issues. The March was from the Library parking lot to Meijer where they disbursed. The community support for the Sheriff's Office continues to be overwhelming with many area residents stopping into the office to voice their support as well as stopping us in various locations to offer words of encouragement and thanks.

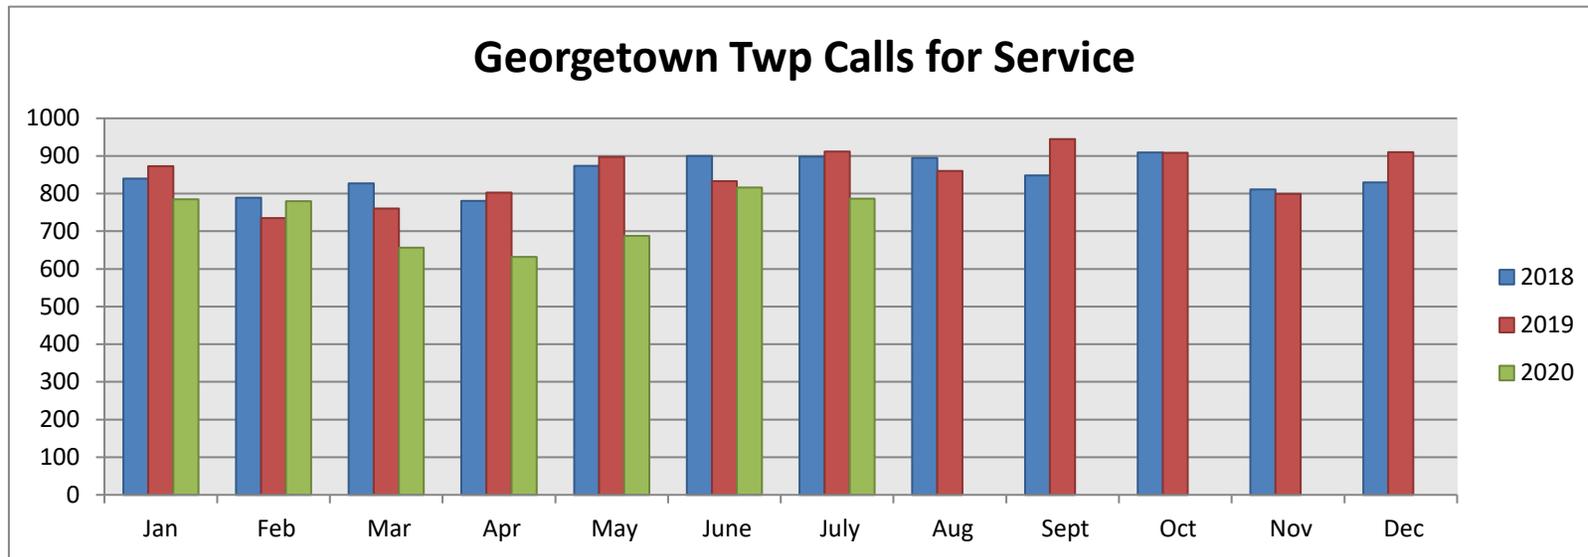

If you have any questions please feel free to contact me direct.

Respectfully submitted,

Sgt. Chris Koster

Minutes of the regular meeting of the Georgetown Township Mineral Mining Board, held Wednesday, August 19, 2019

Governor Whitmer's Executive Order 2020-75 provides temporary changes to the Open Meeting Act, allowing a meeting of a public body to be held electronically, including by telephonic conferencing or video conferencing, in a manner in which both the general public and the members of the public body may participate by electronic means.

Due to these Executive Orders, the following Planning Commission members were present via video conferencing: Jessica Ulberg, Tim Smit, Tom Healy, Jeannine Bolhouse, Josiah Samy, Donna Ferguson and Richard VanderKlok. Mannette Minier, Zoning Administrator, and Rod Weersing, Assistant Superintendent, were also present via video conferencing, and 25 members of the public were also present in the audience via video conferencing.

Meeting called to order at 8:06 p.m., after the Planning Commission meeting was adjourned, by Chairperson Tim Smit

Members Present: Tim Smit, Richard VanderKlok, Jessica Ulberg, Jeannine Bolhouse, Donna Ferguson, Josiah Samy, Tom Healy

Members Absent: None

Public Present: Mannette Minier, Mining Official; Rod Weersing, Assistant Superintendent

#200819-03 – Update on the Bend in the River from Ottawa County Parks and Recreation Commission

Jason Shamblin, Parks and Recreation Director, and Curt TerHaar, Coordinator of Park Planning and Development, presented an update on the Bend in the River Park Plan.

#200819-04 - (ML2002) Renewal of (ML1502) Ottawa County Road Commission -1551 Taylor St.

The mining official presented a [staff report](#).

The consensus of the committee was that the Ottawa County Road Commission would not need to submit a performance bond because they operate under the Ottawa County Board of Commissioner, which is the same for the Parks Department.

The chairman opened the floor to public comments.

James Dykema, Grand Rapids Gravel, made public comments and didn't think that the Ottawa County Road Commission was held to the same standards as Grand Rapids Gravel.

The chairperson closed the floor to public comments.

The consensus of the committee was to not charge a performance bond and to eliminate the Ottawa County Road Commission property that was being leased by Grand Rapids gravel from this mining license since it would operate under the Grand Rapids Gravel mining license.

Moved by Richard VanderKlok, seconded by Jeannine Bolhouse, to acknowledge that insofar as the Township recognizes that the materials that are mined are a natural and valuable resource and this is important to the community and area, the Mining Board grants approval of (ML2002) which is the renewal of (ML1502) Ottawa County Road Commission -1551 Taylor St., , minus the property that is leased by Grand Rapids Gravel since that area would be under the regulations issued for the mining license for Grand Rapids Gravel, and to incorporate the findings and conclusions in the Staff Report dated August 6, 2020, with the following conditions:

- The license shall expire **June 30, 2023 when Grand Rapids Gravel has vacated the Ottawa County Road Commission property**, unless suspended or revoked earlier per the Ordinance. At that time the operator shall return with a more detailed plan, including areas remaining to be excavated and a timeframe for completion of the excavating of materials from the site.
- **A performance bond, is not necessary.**
- The Site shall be operated in compliance with all previous approvals and the conditions of approval.
- The operator shall comply with all federal, state, and local laws, regulations and ordinances.
- All terms and conditions as presented with the initial application materials remain in effect;
- Hours of operation be limited to 7:00 a.m. to 6:00 p.m. Monday to Friday, 8:00 a.m. to 3:00 p.m. Saturday, and no Sundays or holidays;
- The haul route shall continue as approved with the previous approvals. All roads within the site are to be maintained in a manner that controls dust and prevents debris from being carried onto public streets;

- If any berms are created, they are to be maintained;
- No future reclamation approvals are implied by the approval of this reclamation plan and the applicant must obtain approval as required by all other Township ordinances;
- Approval from the Ottawa County Road Commission must remain in effect;
- All entrances and exits to the site shall be securely locked during hours when mining operations are not permitted on the site.
- All vehicles used to transport excavated material shall be loaded in a manner so that the material cannot be unintentionally discharged from the vehicle. Vehicles shall be cleaned of all material not in the load-bed prior to entering the public streets. If materials excavated from the site are deposited or spilled upon the public roadway, it shall be the responsibility of the licensee, without requiring any action or request by the township, to immediately remove the spilled or deposited material;
- A licensee shall comply with all soil erosion, wetlands and floodplain rules and regulations of the State of Michigan, Ottawa County and the township;
- Fueling of vehicles on any site shall comply with statutes, rules and regulations enforced and implemented by the Michigan Department of Environmental Quality;
- All roads within the site are to be maintained in a manner that controls dust and prevents debris from being carried onto public streets.
- If filling of an excavated area is necessary during reclamation, only inert material, as defined by the Michigan Solid Waste Management Act (Act No. 641 of the Public Acts of 1978, as amended) shall be used.
- Upon termination of mining operations, the licensee shall be responsible to reclaim the site in accordance with reclamation plans approved by the review board, **which is the Bend in the River Plan**. If the licensee fails to reclaim the site as required by the approved reclamation plans, the township may come upon the site and reclaim the land in accordance with those plans and may use the proceeds of the performance guarantee (if any) required by this article to defray the costs of the reclamation.
- Upon the cessation of all mining operations (or any phase of operations, as applicable) except stockpiling, and within a reasonable period of time, not exceeding 12 months thereafter, all tanks, buildings, stockpiles, and equipment shall be removed from the site unless the building or structures can lawfully be used on the site for other purposes as permitted by applicable laws or ordinances.
- Storage and stockpiling of mined products after cessation of mining activities may be permitted by the review board by annual license granted for that limited purpose. In no event shall any additional materials be allowed to be added to these stockpiles and a license granted for storage or stockpiling of mined products shall not interfere with or excuse reclamation as otherwise required under this article.
- **In no event shall any additional materials be allowed to be brought onto the site or added to any stockpiles.**
- **The license does not include a crushing operation.**
- No additional materials are required of the applicant at this time since the initial application contained all the required submittal materials and nothing has changed as of this time. In addition, a site inspection was conducted and the site is in conformance with the terms of the initial mining license as well as other Township ordinances;
- And with the condition that the operation on the site continues to work towards the Bend in the River Reclamation Plan.

Tom Healy stated that to address the concern of equity, it was difficult to push out the occupant of the property to enact different standards and that property was under the control of the Grand Rapids Gravel license until they exit the property. He said it was reality.

MOTION CARRIED UNANIMOUSLY.

#200819-05 - (ML2003) Renewal of (ML1504) Huizinga Gravel. The request is for a renewal of an existing mining license for the excavation of materials located on the Huizinga Gravel mining site and processing of those materials. **No request was made to bring additional materials onto the site for processing and no request was made for a crushing operation. Currently neither exist on the site. ([details](#), [completed land](#), [mining plan](#), [phasing plan](#))**

Bill Huizinga represented the applicant and presented the request.

The mining official presented a [staff report](#).

Richard VanderKlok said that he agrees with the performance bond and that the reclamation plan timetable makes sense.

The Mining Official clarified that Ottawa County Parks would take the northern portion and the reclamation plan would only be for the southern portion that was not included in the Bend in the River Plan.

Bill Huizinga stated that they planned to create a residential development with water and homes around the water. He said that it would fit in the area and will be a great location for development.

Jeannine Bolhouse said that she was confused about how much land Ottawa County wants.

Jason Shamblin explained the plan for that land and that it was being restored as per the Parks. He said that there will have to be a land split.

Jeannine Bolhouse asked about the amount of the plan and it was pointed out. She thinks a bond is needed and required.

There was discussion about the acreage remaining to be restored and it was noted that the Board could determine an amount for the performance bond but it could be reduced if evidence was produced that it should be less.

Bill Huizinga explained the plan to have a peninsula with land and how the land could be calculated since they still did not know how much materials would be extracted. He noted they were in discussion with Ottawa County.

The Zoning Administrator noted that coming back with evidence to lower the bond was what GRG did.

Josiah Samy agreed to go higher on the bond, \$1000 per acre with 70 acres remaining to be restored, but could be revised. He was okay with the license through 2025 and the reclamation plan due then.

The Mining Official noted that they normally hold the renewal meeting in the winter prior to the June 30 expiration.

Tim Smit said that he was okay with the \$70,000 bond, the license to expire in 2025 and for the reclamation plan to be submitted then.

Donna Ferguson and Jessica Ulberg were in agreement.

Tom Healy asked about the reclamation plan.

The Mining Official explained the parcels and the reclamation plan.

Tom Healy said the timeline was ten years and he asked about the reclamation plan.

The Mining Official said yes one was always required and the Bend in the River was the plan, with the mining company coming in for the remainder of the land.

Tom Healy said that if the mining was going to be wrapped up in 3 years, would a reclamation plan be required.

The Mining Official explained that the Bend in the River Plan was the reclamation plan.

Tom Healy discussed the need for a reclamation plan related to the timeframe of completion.

Tim Smit noted that the reclamation plan could still change since it is still many years away.

The chairperson opened the floor to public comments.

James Dykema, Grand Rapids Gravel, made public comments and didn't think that the Huizinga was held to the same standards as Grand Rapids Gravel.

The Mining Official explained the difference was related to the fact that the initial GRG plan had no areas left to be excavated and their revised plan had only a small portion remaining to be excavated. She noted that Huizinga has the entire two parcels remaining to be excavated.

Tim Smit noted that this was very different from the GRG operation because GRG was bringing materials onto the site.

Tom Healy said that the proposal presented from GRR was that they could be completed in three years and this timeline was not established by the Mining Board.

Josiah Samy said that this is a different scenario.

Moved by Jeannine Bolhouse, seconded by Josiah Samy, to state that insofar as the Township recognizes that the materials that are mined are a natural and valuable resource and this is important to the community and area, the Mining Board grants approval of (ML2003) which is the renewal of (ML1504) Huizinga Gravel, as shown on the site plan dated 7/2/20, and to incorporate the findings and conclusions in the Staff Report dated August 6, 2020, with the following conditions:

- The license shall expire **June 30, 2025**, unless suspended or revoked earlier per the Ordinance. At that time of renewal of this license (ML2003) in 2025, a reclamation plan shall be submitted for the property that will not be included in the Bend in the River Park Plan. A firm date of completion shall also be provided.
- **A performance bond, as required in Sec. 26.81 of the Mining Ordinance, is to be paid to the Township relative to the acres of land remaining to be reclaimed or restored. The amount based on \$1,000 per acre remaining to be restored or reclaimed is \$70,000, as determined by the Mining Board. This amount shall be submitted to the Township no later than September 15, 2020 in order for the mining license to remain in effect. Technically the bond should have been paid prior to the expiration of the mining license on June 30, 2020. The amount of the guarantee may be periodically reduced upon request by the mining company, proportionate to the number of acres that are reclamation or restoration.**
- The Site shall be operated in compliance with all previous approvals, including the conditions of approval.
- All terms and conditions as presented with the initial application materials remain in effect
- The operator shall comply with all federal, state, and local laws, regulations and ordinances.
- Hours of operation be limited to 7:00 a.m. to 6:00 p.m. Monday to Friday, 8:00 a.m. to 3:00 p.m. Saturday, and no Sundays or holidays.
- The haul route shall continue as approved with the previous approvals. All roads within the site are to be maintained in a manner that controls dust and prevents debris from being carried onto public streets.
- If any berms are created, they are to be maintained.
- No future reclamation approvals are implied by the approval of this reclamation plan and the applicant must obtain approval as required by all other Township ordinances.
- Approval from the Ottawa County Road Commission must remain in effect.
- All entrances and exits to the site shall be securely locked during hours when mining operations are not permitted on the site.
- All vehicles used to transport excavated material shall be loaded in a manner so that the material cannot be unintentionally discharged from the vehicle. Vehicles shall be cleaned of all material not in the load-bed prior to entering the public streets. If materials excavated from the site are deposited or spilled upon the public roadway, it shall be the responsibility of the licensee, without requiring any action or request by the township, to immediately remove the spilled or deposited material.
- A licensee shall comply with all soil erosion, wetlands and floodplain rules and regulations of the State of Michigan, Ottawa County and the township.
- Fueling of vehicles on any site shall comply with statutes, rules and regulations enforced and implemented by the Michigan Department of Environmental Quality.

- All roads within the site are to be maintained in a manner that controls dust and prevents debris from being carried onto public streets.
- If filling of an excavated area is necessary during reclamation, only inert material, as defined by the Michigan Solid Waste Management Act (Act No. 641 of the Public Acts of 1978, as amended) shall be used.
- Upon termination of mining operations, the licensee shall be responsible to reclaim the site in accordance with reclamation plans approved by the review board, **which is the Bend in the River Plan and the plan to be submitted for the next approval of renewal for the property not included in the Bend in the River Plan.** If the licensee fails to reclaim the site as required by the approved reclamation plans, the township may come upon the site and reclaim the land in accordance with those plans and may use the proceeds of the performance guarantee required by this article to defray the costs of the reclamation.
- Upon the cessation of all mining operations (or any phase of operations, as applicable) except stockpiling, and within a reasonable period of time, not exceeding 12 months thereafter, all tanks, buildings, stockpiles, and equipment shall be removed from the site unless the building or structures can lawfully be used on the site for other purposes as permitted by applicable laws or ordinances.
- Storage and stockpiling of mined products after cessation of mining activities may be permitted by the review board by annual license granted for that limited purpose. In no event shall any additional materials be allowed to be added to these stockpiles and a license granted for storage or stockpiling of mined products shall not interfere with or excuse reclamation as otherwise required under this article.
- **In no event shall any additional materials be allowed to be brought onto the site or added to any stockpiles.**
- **The license does not include a crushing operation.**
- No additional materials are required of the applicant at this time since the initial application contained all the required submittal materials and nothing has changed as of this time. In addition, a site inspection was conducted and the site is in conformance with the terms of the initial mining license as well as other Township ordinances;
- The operation on the site shall continue to work towards the Bend in the River Reclamation Plan.

#200819-03 – (REZ2004) Ordinance 2020-05 To change from (CS) Community Service Commercial to (I) Industrial, a parcel of land described as P.P. # 70-14-13-427-011, located at 7560 River Ave., Georgetown Township, Ottawa County, Michigan ([submittal material](#))

Greg Ransford, Fresh Coast Planning, represented the applicant and presented the request.

The Zoning Administrator presented a [staff report](#).

The chairman opened the public hearing. No one was present to speak on this topic. The chairperson closed the public hearing.

Moved by Richard VanderKlok, seconded by Josiah Samy, to adopt the staff report as finding of fact and to recommend to the Township Board to approve the following resolution:

**Georgetown Charter Township
Ottawa County, Michigan
(Ordinance No. 2020-05)**

At a regular meeting of the Georgetown Charter Township Board held at the Township offices on _____, 2020 beginning at 7:00 p.m., Township Board Member _____ made a motion to adopt this Ordinance because the proposed zoning designation is **consistent** with the language of the Master Plan; the area is **capable** of sustaining the uses within the Industrial district without addition public funds; the uses allowed within the Industrial district are **compatible** with the neighboring uses, as recommended by the Planning Commission, and to adopt the staff report as finding of fact, which motion was seconded by Township Board Member _____:

**AN AMENDMENT TO THE GEORGETOWN CHARTER TOWNSHIP
ZONING ORDINANCE, AS AMENDED, AND MAP**

THE CHARTER TOWNSHIP OF GEORGETOWN (the "Township") ORDAINS:

ARTICLE 1. The map of the Georgetown Charter Township Zoning Ordinance, as amended, is hereby amended to read as follows:

(REZ2004) Ordinance 2020-05 To change from (CS) Community Service Commercial to (I) Industrial a parcel of land described as P.P. # 70-14-13-427-011, located at 7560 River Ave., Georgetown Township, Ottawa County, Michigan.

Except as expressly modified by the above, the balance of the Zoning Map of the Georgetown Charter Township Zoning Ordinance, as amended, shall remain unchanged and in full force and effect.

ARTICLE 2. Severability. In the event that any one or more sections, provisions, phrases, or words of this Ordinance shall be found to be invalid by a court of competent jurisdiction, such holding shall not affect the validity or the enforceability of the remaining sections, provisions, phrases, or other words of this Ordinance.

ARTICLE 3. Except as specified above, the balance of the Georgetown Charter Township Zoning Ordinance, as amended, and map shall remain unchanged and in full force and effect.

ARTICLE 4. Effective Date. The provisions of this Ordinance shall take effect upon the expiration of seven (7) days from the date of publication of this Ordinance or a summary of its provisions in accordance with the law.

The vote in favor of adopting this Ordinance was as follows:

MOTION CARRIED UNANIMOUSLY AND ORDINANCE DECLARED ADOPTED.

CERTIFICATION

I hereby certify that the above is a true copy of an Ordinance adopted by Georgetown Charter Township Board at the time, date, and place specified above pursuant to the required statutory procedures.

Respectfully submitted,

Dated: _____, 2019

By _____
Richard VanderKlok
Georgetown Charter Township Clerk

Jeannine Bolhouse noted that the request meets the standards in the ordinance, but expressed a concern that a more intense use could go in there by rezoning the property to Industrial.

Josiah Samy said that he supports the rezoning because the property is mostly surrounded by Industrial zoning and allows this use.

Donna Ferguson stated that it meets the standards in the ordinance for a rezoning.

Tom Healy stated the following. This may increase the intensity, but the site is surrounded by Industrial and it fits in the area. There has been no movement to rezone the entire area to PUD and he supports the rezoning.

Tim Smit noted that the kennel would be allowed by right.

#200819-04 – Other Business

A request was received from Rebekah Milito, 7351 12th Ave, for the Planning Commission to consider amending the Zoning Ordinance to allow the use of commercial swimming lessons in the LDR district. The Zoning Administrator explained the use, noting that the Township had received numerous complaints from neighbors regarding the large amount of traffic, vehicles parking in the area and the noise in this LDR district. She explained the use did not meet ordinance standards for a home occupation and didn't comply with the uses allowed in the LDR district.

Although three of the commissioners were opposed to revising the ordinance to allow this use in LDR, all were in favor of looking at possible revisions. There was discussion and comments included the following:

- The Zoning Ordinance should not be amended to allow the intense commercial use in a residential district.
- It would be possible to look at amending the ordinance, but the changes that could be acceptable might still not help to allow this resident to have this use.
- The ordinance could be review; however, this site might not fit with any proposed revisions.
- The issue is respecting the rights of the neighbors.
- Some commissioners were in favor of revisiting the ordinance for revisions.
- Direction was given to see what Grandville did for the same circumstance.
- This use does not fit in a neighborhood, but they could still entertain ideas.
- The Planning Commission could be open to looking into this and look for ways to address concerns of the neighbors.
- The standards in the ordinance would have to be changed for a home occupation in order for this site to comply with the standards because as it currently exists, the site does not comply with the standards for a home occupation.
- The use could possibly be allowed with a special use permit with the establishment of minimum standards and guidelines for noise, parking and those types of issues. However, this location may still not be able to comply. But it is worthy of a look.
- No one is opposed to the use and everyone recognizes the value of the swimming lessons, as long as the site is in the correct location. However, this site is clearly in violation of Township ordinances and the rights of the neighbors have not been taken into consideration. Who would want to live next door to this operation.
- It is a heavy use and even with special use standards, this site might not be able to comply.
- There is no reason to pursue this if this site wouldn't comply with any revised standards because no one else is experiencing any of the same types of issues in the Township
- Living next to a home occupation of a beauty salon, one commissioner said that she can only image the negative impacts from this intense use. This use needs to be located in an appropriate district where it won't negatively impact a residential neighborhood.
- The Zoning Ordinance currently has good standards that effectively regulate home occupations and uses allowed in a residential district.
- They can look to see if there is a way to allow the use but still protect the neighbors.
- In response to a question, it was noted that there are no other similar violations that the Township is aware of, which means if anyone else has the same use, it is being conducted respectfully without negative impacts to the neighbors. That also means that if regulations are adopted, the result may be that anyone else conducting the same use who is not negatively impacting the neighbors may have to cease operating if they don't meet the new ordinance.

#200819-05 – Recess the Planning Commission meeting and table the discussion

Moved by Tom Healy, seconded by Jeannine Bolhouse, to table any more discussion on this topic and to table the public comments until after the scheduled Mining Board meeting is completed, and then to resume this meeting, due to the fact that there are applications that were submitted to be on the mining agenda.

#200902-03 – (PUD2003) Wesco Inc. (36th Ave./Baldwin PUD), is requesting preliminary (for this parcel only since the preliminary approval has expired and the rest of the site has already been developed) and final planned unit development approval for a vehicle service station and convenience store on P.P. # 70-14-17-100-024, located at 7661 36th Ave., Georgetown Township, Ottawa County, Michigan. (NO public hearing)

Craig Gengler, 12033 James St., Driesenga and Associates Inc., represented the applicant and presented the request.

J.J. Westgate, Wesco, was also present.

The Zoning Administrator presented a [staff report](#).

Richard VanderKlok stated the following:

- The elevations and architectural compatibility were good.
- Being open 24 hours a day was okay to be consistent with other such businesses.
- Although the sign would be higher than the Licari sign, it was acceptable.
- Landscaping should follow the requirement and if trees cannot be placed in the front yard due to the easement, the required number of trees should be placed in other areas on the site.
- He was concerned with the drive aisle widths and the flow of traffic based on safety issues. The plan should be redrawn with the correct width of drive aisles and the new drawing could be administratively approved.

Jeannine Bolhouse stated the following:

- The proposed building architecture was nice and there was an effort made to be consistent with the other buildings; however, the canopy was block with red, white and blue and it wasn't consistent.
- Being open 24 hours a day was okay to be consistent with other such businesses.
- She agrees with the sign deviation but the sign should not be more than four feet in height, on top of the frame.
- The sign should not be bigger than the Licari sign to be consistent and fair.
- She agrees that the required number of trees should be placed somewhere on the site if not allowed to be in the front yard setback due to the easement.
- There is a serious issue with the drive aisles and being less than required presents a safety risk. No deviation should be granted to have the drive aisles less than required.

Josiah Samy stated the following:

- He was more in favor of have two colors rather than three and the blue color should be kept.
- Being open 24 hours a day was okay to be consistent with other such businesses.
- The sign should be reduced and he recalled that Bricks had to do the same.
- This is a high traffic area.
- The sign should be reduced to four feet to be the same as the Licari sign.
- The required number of trees should be placed somewhere on the site if not allowed to be in the front yard setback due to the easement.
- The drive aisles should be redesigned and could be administratively approved.

Tim Smit stated the following:

- The architectural design was good and they needed the three colors because it was their brand.
- Being open 24 hours a day was okay to be consistent with other such businesses.
- The sign should be smaller.
- The drive aisles should be redesigned to meet the minimum width.

- The required number of trees should be provided and they could work with the Zoning Administrator for placement.
- There are no bushes on the west side and should be added.

Donna Ferguson stated the following:

- She was excited to see Wesco come to the community.
- The architectural design was good because the colors of their brand were included and are important.
- Being open 24 hours a day was okay to be consistent with other such businesses.
- The sign should be reduced.
- The drive aisles should be reworked to meet the minimum width.

Jessica Ulberg stated the following:

- She was excited to see Wesco come to the community as well.
- The architectural design was good because the colors of their brand were included and are important.
- Being open 24 hours a day was okay to be consistent with other such businesses.
- The sign should be reduced.
- Landscaping should be provided consistent with the required number of trees.
- The drive aisles should be reworked to meet the minimum width.

Tom Healy stated the following:

- The architecture fits sufficiently and their brand is a significant investment that should be maintained.
- Bricks does not have brand recognition.
- The canopy is okay and the character is okay.
- Being open 24 hours a day was okay to be consistent with other such businesses and the building is sufficiently set back from the residential area.
- The grade is different and the sign could be difficult to see; therefore, he understands the need for it to be a little taller.
- The sign should list the fuel prices rather than state there is a deli and pizzeria.
- The number of required trees should be maintained somewhere on the site and the Zoning Administrator could approve the locations.
- Only 15 parking spaces are needed and 27 are provided; therefore, there is a sufficient number to be able to be reduced.
- There is room on the lot to make adjustments for the landscaping.
- The northern side of the curbing could be moved south to increase the drive aisle width.
- He commented on the fuel truck circulation on the site.
- He agrees that the drive aisles should be redesigned to meet the minimum width requirement and the revised plan could be approved administratively.

Craig Gengler stated that they received a response from Consumers and they are unwilling to release the easement; however, they determined to plant the trees in the required front setback anyway and deal with any related issues in the future. He related the reasons the higher sign was needed. He discussed the drive aisle widths and the constraints they faced.

There was discussion about the circulation pattern and the sign height.

Josiah Samy suggest an alternate design for the sign and it was discussed. The applicant agreed to the redesign of the sign.

There was further discussion.

The chairman opened the floor to public comments. No one was present to make public comments at this time. The chairman closed the floor to public comments.

Moved by Richard VanderKlok, seconded by Josiah Samy, to adopt the staff report as finding of fact and to approve the preliminary and final development plans dated 08-12-2020, and the application and narrative,

With the findings that:

- 1. The business could be open 24 hours a day.**
- 2. Trees shall be provided as required by the ordinance in regard to number, size and type.**
- 3. The architectural design, as presented, was acceptable.**
- 4. The sign itself, on top of the frame, can be no more than four feet in height.**
- 5. The plan shall be reconfigured to provide the minimum width required for all the drive aisles and the redesign may be approved administratively by the Zoning Administrator. (Note, if any deviations are found to be necessary, the plan shall return to the Planning Commission for further review and for action.)**

based on the findings/determinations as follows:

- 1. The proposal is consistent with the Master Plan.**
- 2. The proposal meets the ordinance requirement for pedestrian walkways.**
- 3. The proposal meets the ordinance requirement for architecture.**
- 4. The proposal meets the ordinance requirement for traffic.**
- 5. The proposal meets the ordinance requirement for open space.**
- 6. The proposal meets the ordinance requirement for uses that are allowed.**
- 7. The proposal meets the standards of approval.**

Based on the further findings that:

- 1. The qualifying conditions in Sec. 22.2 are met:**
- 2. The information as per Sec. 22.5 is provided, and**
- 3. The plan meets the ordinance requirements of Sec. 22.10 as follows:**
 - a. The qualifying conditions in Sec. 22.2 are met;**
 - b. The proposed PUD is compatible with surrounding uses of land, the natural environment, and the capacities of public services and facilities affected by the development;**
 - c. The proposed uses within the PUD will not possess conditions or effects that would be injurious to the public health, safety, or welfare of the community;**
 - d. The proposed project is consistent with the spirit and intent of the PUD District, as described in Section 22.1 and represents an opportunity for improved or innovative development for the community that could not be achieved through conventional zoning;**
 - e. The proposed PUD meets all the site plan requirements of Chapter 22 including Section 22.8, D.**

- f. The deviations, regulatory modification from traditional district requirements, are approved through a finding by the Planning Commission that the deviation shall result in a higher quality of development than would be possible using conventional zoning standards.**

And with the following conditions:

- 1. A Storm Water Drain Permit (written approval by the Drain Commissioner's office) shall be submitted to the Township prior to any approvals being granted for any parcel splits or property line adjustments.**
- 2. Utilities are to be coordinated with the DPW and Drain Commissioner's office.**
- 3. As per Sec. 22.11, a recorded PUD agreement shall be submitted to the Township prior the submission of a building permit application.**
- 4. Approved permits are required for all signs and all signs shall meet the approvals in the PUD plan or else meet the ordinance standards.**
- 5. All outstanding fees shall be paid prior to any further approvals being granted.**

It was noted that if the redesigned plan does not meet the stipulations in the motion for administrative approval, the plan shall return to the Planning Commission for further review and action.

It was also noted that this was a great operation and would be an asset to the community.

That the budget of Georgetown Charter Township is hereby adopted by reference, with activity expenditures as indicated above.

That the Board of Trustees of Georgetown Charter Township adopts the 2021-year budget by cost center. Township officials responsible for the expenditures authorized in the budget may expend township funds up to, but not to exceed, the total appropriation authorized for each cost center, and may make transfers among the various line items contained in the cost center appropriation. The Township Superintendent is authorized to set wage ranges, Pay rates and benefits.

Those appropriations will be deemed maximum authorizations to incur expenditures. The fiscal officer shall exercise supervision and control to ensure that expenditures are within appropriations, and shall not issue any town order for expenditures that exceed appropriations.

That no obligation shall be incurred against, and no payment shall be made from any appropriation account unless there is a sufficient unencumbered balance in the appropriation and sufficient funds are or will be available to meet the obligation.

Motion made by _____, seconded by _____ to adopt the foregoing resolution.
Motion Carried.

* Under Truth in Taxation, MCL Section 211.24e, the governing body may decide to levy a rate which will not exceed the maximum authorized rate allowed in column 9. The requirements of MCL 211.24e must be met prior to levying an operating levy which is larger than the base tax rate but not larger than the rate in column 9.

** **IMPORTANT:** See instructions on page 2 regarding where to find the millage rate used in column (5).

OTTAWA COUNTY 2020 CERTIFICATE OF COMPLIANCE

Our Tax Authority **has completed** the following steps as required by M.C.L. 211.24e (Truth in Taxation)

A separate Truth-in-Taxation hearing is **not necessary**. Our Tax Authority complies with Sec. 16 of the Uniform Budgeting and Accounting Act (M.C.L. 141.436). Notice, advertising and print size must conform to stated requirements. (M.C.L. 141.412)

and

Our meeting was completed by October 1st. ***Date of meeting was** 9/14/2020.

OR

Our Board, or Commission, or Council has met and adopted a resolution proposing an additional operating millage rate and proposing a hearing date. (M.C.L. 211.24e, subsection 7)

and

Our Board, or Commission, Council or Authority has published a hearing notice and posted the same at the principal office of our taxing unit. This notice contained the proposed additional millage rate, the percentage increase in operating revenue and the percentage increase over the preceding year if not approved which would be generated from permitted ad valorem tax levies and the Notice was published at least 6 days before the hearing date. (M.C.L. 211.24e, subsections 6 & 9)

and

Our Board, or Commission, Council or Authority held a public hearing pursuant to the hearing notice. (M.C.L. 211.24e, subsection 6) ***Date of meeting was** _____.

and

Not more than 10 days after the public hearing, our Board or Commission or Council has passed a resolution adopting additional millage which does not exceed that which appeared in the notice published at least 7 days earlier. (M.C.L. 211.24e, subsection 8).

OR

Our Tax Authority is exempt from M.C.L. 211.24e because we levied 1 mill or less in the concluding fiscal year for operating purposes.

OR

A Truth-in-Taxation hearing was not necessary because we will not be levying an operating levy which is larger than the base tax rate.

Our Taxing Authority has verified any Debt Levy being requested on the Tax Rate Request Form(L4029)

We are not requesting a debt levy

We are requesting a debt levy, and have included a report or other document showing the amount of principle and interest that the requested debt levy is intended to retire.

DECLARATION OF BUILDING AND USE RESTRICTIONS
AND PROTECTIVE COVENANTS FOR
TWO OAKS

WHEREAS, B.A.T. Development Group, LLC, (DEVELOPER) a Michigan Limited Liability Company, at 6601 Wilshere Drive, Jenison, MI 49428, being owners of land located in Georgetown Township, Ottawa County, Michigan, known as Two Oaks, described as follows:

Lots 1 through 15, inclusive, Two Oaks, part of the SW 1/4 of Section 9, T6N, R13W, Georgetown Township, Ottawa County, Michigan, according to the recorded plat thereof,

do hereby for themselves, their assigns and heirs, record among the land records and make part of the terms and conditions of any deed or deeds executed or recorded hereafter, the following restrictions and covenants which shall run with the land.

WITNESSETH: It is hereby agreed that the following set of building and use restrictions and protective covenants shall be recorded as blanket encumbrances against all of the lots above described, and the above signed for themselves, their assigns and heirs, do hereby agree as follows:

1. All lots in said plat shall be known and described as single family residential lots with dwellings not to exceed 2 1/2 stories in height and an attached garage for at least two (2) cars, but not more than three (3) cars.

2. Each house and garage built on a lot shall be constructed of new material only. Approved materials include brick, brick veneer, steel, stone, aluminum siding, vinyl siding, stucco or frame or any combination thereof. Each building must have a finished exterior. The color of each surface of material used on the exterior of a building and visible after installation must be approved by DEVELOPER. All exterior foundation walls shall be of brick, brick veneer, stone, concrete or stucco. Concrete block or tile construction above grade level is prohibited unless the exterior surface is covered with an approved material. B.A.T. Development Group, LLC has the right to approve or disapprove of proposed building materials based on colors, aesthetics, and compatibility with other structures existing or proposed within the plat and any other factors deemed material by B.A.T. Development Group, LLC. Approval by B.A.T. Development Group,

LLC in one or more cases will not obligate B.A.T. Development Group, LLC to grant approval in any other cases. B.A.T. Development Group, LLC may approve the use of materials and/or colors other than those listed or described above.

3. No building shall be erected, placed, or altered on any lot until the construction plans and specifications, and a site plan showing the location of the structure on the lot, have been approved by B.A.T. Development Group, LLC, as to quality of workmanship and materials, and harmony of exterior design with existing structures.

4. No dwelling shall be located on any residential site nearer than 30 feet from the front and rear lot lines, nor nearer than 5 feet (15 feet total) from any side line, except that no building will be located nearer than 30 feet from any side street line per strict compliance with the ordinances of the Township of Georgetown, County of Ottawa, pertaining thereto and the statutes of the State of Michigan in such cases made and provided.

5. No dwelling shall be erected or placed on any lot having a width of less than 70 feet at the minimum building setback line. No dwelling shall be erected or placed on any lot having less than 7,700 square feet.

6. No tree four (4) inches or larger in diameter at the base (measured one (1) foot above natural ground level) shall be moved from a lot, except for the construction of a residence or driveway, without the prior written consent of B.A.T. Development Group, LLC. Each lot owner shall be responsible for planting not less than one (1) leaf tree, which tree shall be approved by B.A.T. Development Group, LLC and shall be a least two and one-half (2 ½) inches in diameter at the base (measured one foot above natural ground level), upon the front yard of his or her lot within six (6) months of occupancy of the residence. The location of each tree on each lot shall be approved by B.A.T. Development Group, LLC.

7. No noxious or offensive trade or activity shall be carried on upon any site nor shall anything be done thereof which may be or may become an annoyance or nuisance to the neighborhood.

8. No existing structure shall be moved onto any lot in this plat from an offsite location. Nor shall any pre-built, manufactured, modular or log home be allowed in this plat.

9. No commercial vehicle shall be parked outside of a garage in this plat except when it is being used for delivery or service to a residential home in said plat.

10. No dwelling shall be erected on the lots in this plat with a square foot area of the main structure (exclusive of one-story open porches and garages) of less than the following:

- One story = 950 sq. ft. main floor area
- & Bi Level
- 1 1/2 story = 1550 sq. ft. combined main floor and 2nd floor
with 775 sq. ft. minimum on the main floor
- 2 story = 1550 sq. ft. combined main floor & 2nd floor
with 775 sq. ft. minimum on the main floor

11. Construction, once commenced, shall be completed and ready for occupancy

within eight (8) months after the date of the commencement of construction. Prior to occupancy, the owner of the lot shall construct, at owner's cost, a sidewalk along the public road along which their lot fronts, which sidewalk shall conform in all respects with Georgetown Township's specifications. Within six (6) months after completion of construction of the house on the lot, the lot will be graded, landscaped, and will be covered with four (4) inches of fertile topsoil and supplied with sufficient perennial grass seed (or sod) over the lot. Prior to occupancy, the owner of a lot shall submit a landscaping plan to B.A.T. Development Group, LLC for its review and approval.

12. The exterior of buildings shall be of wood, brick, stone, aluminum, vinyl or a combination of these or comparable material. No exposed concrete block or asbestos cement shingles will be permitted. All residential driveways shall be a hard surface of concrete, asphalt or paving bricks extending from the street to the garage.

13. Accessory buildings shall be of the same architectural style, materials, and color combination used for the home on the lot where said accessory building is to be constructed, and said accessory building is to be in strict compliance with Georgetown Township zoning ordinance.

14. No vehicles shall be permitted on any lot in this plat which have been non-operating for a period in excess of fifteen (15) days. All such vehicles shall be parked on paved surfaces.

15. No excess dirt or fill may be removed from this development without permission of plat owners.

16. No campers, trailers, motorhomes, boats or any kind of recreational vehicle may be stored or parked on any lot (except within a garage located thereon) for a period longer than a cumulative total of fourteen days during any one calendar year or for more than 48 hours consecutively.

17. All lot owners shall keep and maintain the exterior of their residence and all improvements, including lawn and landscaping clean, neat and attractive and in good repair.

18. Fences shall be erected in areas where required per current Georgetown Township Zoning Ordinance, however, under no circumstances will fences be allowed in the front yard, without written permission from B.A.T. Development Group, LLC. In the case of corner lots, the lot will be considered to have a front yard along each street. Fences shall be iron, vinyl or vinyl coated in nature. No fences made of wood or non-vinyl coated chain link materials will be allowed without written permission from B.A.T. Development Group, LLC.

19. No animals, except household pets, may be kept on any lot. Such pets may not be kept or bred for any commercial purpose and shall have such care and restraint so as not to be obnoxious or offensive on account of noise, odor or unsanitary conditions. No savage or dangerous animal shall be kept on any lot. No more than two (2) household pets may be kept without written permission from B.A.T. Development Group, LLC.

20. RESTRICTIONS PURSUANT TO THE REQUIREMENTS OF THE OTTAWA COUNTY WATER RESOURCES COMMISSIONER

In accordance with Section 280.433 of the Michigan Drain Code (Act 40 of the Public Acts 1956, as amended) special assessment drainage districts have been created to provide for the maintenance of the Two Oaks Drain. The Drainage District consist of all lots within the plat. At some time in the future, the lots within the Drainage District will be subject to a special assessment for the improvement or maintenance of the Two Oaks Drain. The routes of the Drain are shown on Exhibit "A" attached hereto.

Easements for Surface Drainage

Private Easements for the Two Oaks Drain have been dedicated to the Two Oaks Drain Drainage District. The locations of the aforesaid easements are shown on the final plat.

These easements for drainage are for the benefit of upland lots within the subdivision and any construction, development, or grading that occurs within these easements will interfere with the drainage rights of those upland lots. Easements for Drainage are for the continuous passage of surface drainage and each lot owner will be responsible for maintaining the surface drainage system across their property. The Ottawa County Water Resources Commissioner's Office does not permit structures in Drainage Easements. This includes, but is not limited to, swimming pools, sheds, garages, patios, decks, fences or other permanent structures or landscaping features. No dumping of grass clippings, leaves, brush or other refuse is allowed within the drainage easement. These items obstruct drainage, restrict flow and plug culverts. This can lead to higher maintenance costs and cause flooding situations.

Block Grading Plan

The block grading plan, attached on Exhibit "B", shows the direction of flow for the surface drainage for all lots. It is the lot owner's responsibility to ensure that the final grading of the lot is in accordance with the block grading plan. During the final lot grading and landscaping, the owner shall take care to ensure that the installation of fences, plantings, trees, and shrubs do not interfere with nor concentrate the flow of surface drainage. No changes will be made in the grading of any lot areas used for drainage which would later affect surface run-off drainage patterns without the prior written consent of the Ottawa County Water Resources Commissioner for all portions of the drainage system.

Minimum Opening Elevation Restrictions

The lowest allowable opening elevations are set 1' or more above the 100-year floodplain or hydraulic gradeline of the storm system. These elevations are set to reduce the risk of structural damage and the flooding of residential interiors. A waiver from elevations may be granted by the Ottawa County Water Resources Commissioner following receipt of a certification from a registered professional engineer demonstrating that the proposed elevation does not pose a risk of flooding.

The minimum opening elevations listed below, together with benchmarks set within the plat, are shown on the block grading plan, attached Exhibit "B".

Minimum building opening elevations for the following lots are:

<u>LOT #</u>	<u>MIN. OPENING ELEVATION</u>	<u>LOT #</u>	<u>MIN. OPENING ELEVATION</u>
1	641.0	9	643.0
2	641.0	10	642.0
3	642.5	11	641.5
4	642.5	12	641.5
5	642.5	13	641.5
6	643.0	14	641.5
7	645.0	15	641.5
8	644.5		

Benchmarks:

BM #1 TBD: Top of SE flange bolt under "E" on hydrant lying 64' North and 30' East of 28th Avenue and Two Oaks Court.

BM #2 TBD: Top of ___ flange bolt under "E" on hydrant at NE corner of Two Oaks Ct. and Fox Hill Drive.

BM #3 TBD: Top of ___ flange bolt under "E" on hydrant at Lot line 6 & 7.

Soil Erosion and Sedimentation Control

Each individual lot owner will be responsible for the erosion control measures necessary on each lot to keep loose soil from their construction activities out of the street, catch basins and off of adjacent property. If any sedimentation in the street, catch basins, or adjacent lots is a direct result of construction for a particular site, it is the responsibility of that lot owner to have this cleaned up. This applies to ALL lot owners.

Footing Drains & Sump Pumps

Because of a potential of seasonal high ground water or clay soil conditions, Lots 3 through 15 have been provided with footing drain connections to the storm sewer. For all lots having standard or view-out basements, the connection to the footing drain provided, or to an overland outlet, is to be made from the sump pump through a check valve system to the footing drain provided. A gravity connection to the footing drain provided, or to an overland outlet, will be allowed for lots with walk-out basements. The footing drain location for each lot is indicated on the Block Grading Plan on attached Exhibit "B". The top layer of backfill around the house

foundation shall be of a clay material sloping away from the house.

Laundry facilities or other similar features shall not be connected to a footing drain or pump system discharging to footing laterals and the storm sewer system. Laundry facilities and sewage lift pumps must be drained to the sanitary sewage disposal system.

All gutters and eave troughs with downspouts connected to an underground piping system shall be connected to the footing drain connection provided for that lot or to be directed to a point in the rear yard so that the discharge point will not drain onto or adversely affect a neighboring lot. If none of these can be accomplished, then splash plates at the gutter downspouts near the residence will be the only alternative. De-chlorinated swimming pool water shall be drained to the footing drain or directed into the street.

Miscellaneous

Each lot owner waives his claim against the Two Oaks Drain Drainage District, the Ottawa County Water Resources Commissioner, his employees and agents, Georgetown Township, the Engineer, and the Developer from any and all claims, damage and obligation arising from the existence or operation of the drainage system.

Restrictions pursuant to the requirements of the Ottawa County Water Resources Commissioner are to be perpetual and shall run with the land. Drain restrictions may not be amended or modified without prior written approval of the Ottawa County Water Resources Commissioner and properly recorded at the Ottawa County Register of Deeds.

21. These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of fifteen (15) years from the date these covenants are recorded. These covenants shall automatically be extended for successive periods of ten (10) years. Changes or modification of any provision contained herein to carry out the spirit or intent of these covenants, shall be permitted solely by a written instrument executed by the owners of two-thirds of lots in said plat, and B.A.T. Development Group, LLC, so long as B.A.T. Development Group, LLC holds fee simple title to any lot in this plat, except for restrictions pursuant to the requirements of the Ottawa County Water Resources Commission (OCWRC) are to be perpetual and shall run with the land. These restrictions may not be amended or modified without prior written approval of the OCWRC and properly recorded at the Ottawa County Register of Deeds, however, modification of building opening elevations need only prior written approval of the OCWRC. If said owners, their successors or assigns, or any other person shall violate or attempt to violate any of the covenants herein contained, it shall be lawful for any other person or persons owning any real property situated in said plat to prosecute by law or in equity against the offender. Such actions are to prevent the violators from changing or modifying these restrictions or to recover damages for such violations.

22. Invalidation of any of these covenants by judgment or court order shall in no way affect any of the other provisions which shall remain in full force and effect.

Any draft under this credit has to be presented to the commercial loan department of this bank at our office located at 5367 School Avenue, Hudsonville, MI 49426-0370 (the "bank location"), (or such other place as we may from time to time specify to you in writing). If a drawing is made hereunder at or prior to 12:00 P.M., local time, on a business day, and provided that such drawing and the signed draft or drafts presented in connection therewith conform to the terms and conditions of this credit, payment will be made to you of the amount specified, in the immediately available funds, no later than 5:00 P.M., local time, on the same business day. If a drawing is made hereunder after 12:00 P.M., local time, on a business day, and provided that such drawing and the payment documents presented in connection therewith conform to the terms and conditions of this credit, payment will be made to you of the amount specified, in immediately available funds, no later than 12:00 P.M., local time, in the next succeeding business day. The term "business day" as used herein shall mean any day other than a Saturday, Sunday, legal holiday or other day on which banking institutions are authorized or required by law to close, and term "local time" shall be the local time in the bank location.

Upon Lender's honor of such drafts, Lender shall be fully discharged of Lender's obligations under this Letter of Credit and shall not be obligated to make any further payments under this Letter of Credit once the full amount of credit available under this Letter of Credit has been drawn.

Beneficiary shall have no recourse against Lender for any amount paid under this Letter of Credit once Lender has honored any draft or other document which complies strictly with this Letter of Credit, and which on its face appears otherwise in order but which is signed, issued, or presented by a party or under the name of a party purporting to act for Beneficiary, purporting to claim through Beneficiary, or posing as Beneficiary without Beneficiary's authorization. By paying an amount demanded in accordance with this Letter of Credit, Lender makes no representation as to the correctness of the amount demanded and Lender shall not be liable to Beneficiary, or any other person, for any amount paid or disbursed for any reason whatsoever, including, without limitation, any nonapplication or misapplication by Beneficiary of the proceeds of such payment. By presenting upon Lender or a confirming bank, Beneficiary certifies that Beneficiary has not and will not present upon the other, unless and until Beneficiary meets with dishonor. Beneficiary promises to return to Lender any funds received by Beneficiary in excess of the Letter of Credit's maximum drawing amount.

USE RESTRICTIONS. All drafts must be marked "DRAWN UNDER West Michigan Community Bank IRREVOCABLE LETTER OF CREDIT NO. 4202027388 DATED 08-06-2020," and the amount of each draft shall be marked on the draft. Only Beneficiary may complete a draft and accompanying statements or documents required by this Letter of Credit and make a draw under this Letter of Credit. This original Letter of Credit must accompany any draft drawn hereunder.

Partial draws are not permitted under this Letter of Credit.

PERMITTED TRANSFEREES. The right to draw under this Letter of Credit shall be nontransferable, except for:

- A. A transfer (in its entirety, but not in part) by direct operation of law to the administrator, executor, bankruptcy trustee, receiver, liquidator, successor, or other representative at law of the original Beneficiary; and
- B. The first immediate transfer (in its entirety, but not in part) by such legal representative to a third party after express approval of a governmental body (judicial, administrative, or executive).

TRANSFEREES REQUIRED DOCUMENTS. When the presenter is a permitted transferee (i) by operation of law or (ii) a third party receiving transfer from a legal representative, as described above, the documents required for a draw shall include a certified copy of the one or more documents which show the presenter's authority to claim through or to act with authority for the original Beneficiary.

COMPLIANCE BURDEN. Lender is not responsible for any impossibility or other difficulty in achieving strict compliance with the requirements of

**IRREVOCABLE LETTER OF CREDIT
(Continued)**

Loan No: 4202027388

this Letter of Credit precisely as written. Beneficiary understands and acknowledges: (i) that unless and until the present wording of this Letter of Credit is amended with Lender's prior written consent, the burden of complying strictly with such wording remains solely upon Beneficiary, and (ii) that Lender is relying upon the lack of such amendment as constituting Beneficiary's initial and continued approval of such wording.

NON-SEVERABILITY. If any aspect of this Letter of Credit is ever declared unenforceable for any reason by any court or governmental body having jurisdiction, Lender's entire engagement under this Letter of Credit shall be deemed null and void ab initio, and both Lender and Beneficiary shall be restored to the position each would have occupied with all rights available as though this Letter of Credit had never occurred. This non-severability provision shall override all other provisions in this Letter of Credit, no matter where such provision appears within this Letter of Credit.

GOVERNING LAW. This Agreement will be governed by federal law applicable to Lender and, to the extent not preempted by federal law, the laws of the State of Michigan without regard to its conflicts of law provisions, and except to the extent such laws are inconsistent with the 2007 Revision of the Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce, ICC Publication No. 600. This Agreement has been accepted by Lender in the State of Michigan.

EXPIRATION. Lender hereby agrees with Beneficiary that drafts drawn under and in compliance with the terms of this Letter of Credit will be duly honored if presented to Lender on or before the Expiration Date unless otherwise provided for above.

Re: Eagle's Ridge No. 2
Final Preliminary Approval

Dear Board Members,

Koetje Builders obtained final preliminary approval for phase 2 of Eagle's Ridge on March 11 of 2019. Due to Covid and the economic slowdown associated with it construction of the plat has been delayed. Permits are being obtained now and the project will be bid this fall with an anticipated start of construction in the spring of 2021. Please grant a 1 year extension of the final preliminary plat.

Sincerely,
Feenstra and Associates, Inc.

REQUEST

(REZ2004) Ordinance 2020-05 To change from (CS) Community Service Commercial to (I) Industrial a parcel of land described as P.P. # 70-14-13-427-011, located at 7560 River Ave., Georgetown Township, Ottawa County, Michigan.

The applicant is requesting the rezoning of the 0.7234 acre parcel from CS to Industrial because the applicant is seeking to have dog boarding on the site (defined in the Zoning Ordinance as a kennel), in addition to the current use of dog grooming. A kennel is allowed by right under Sec. 17.2(E) in the Industrial district.

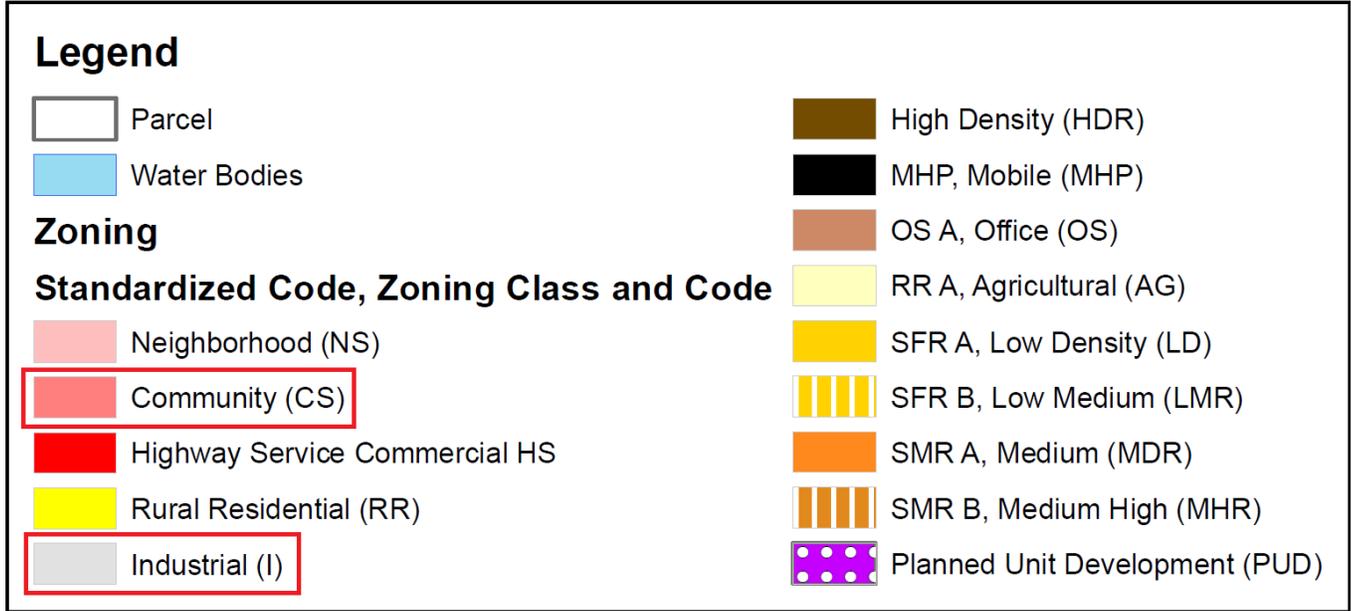

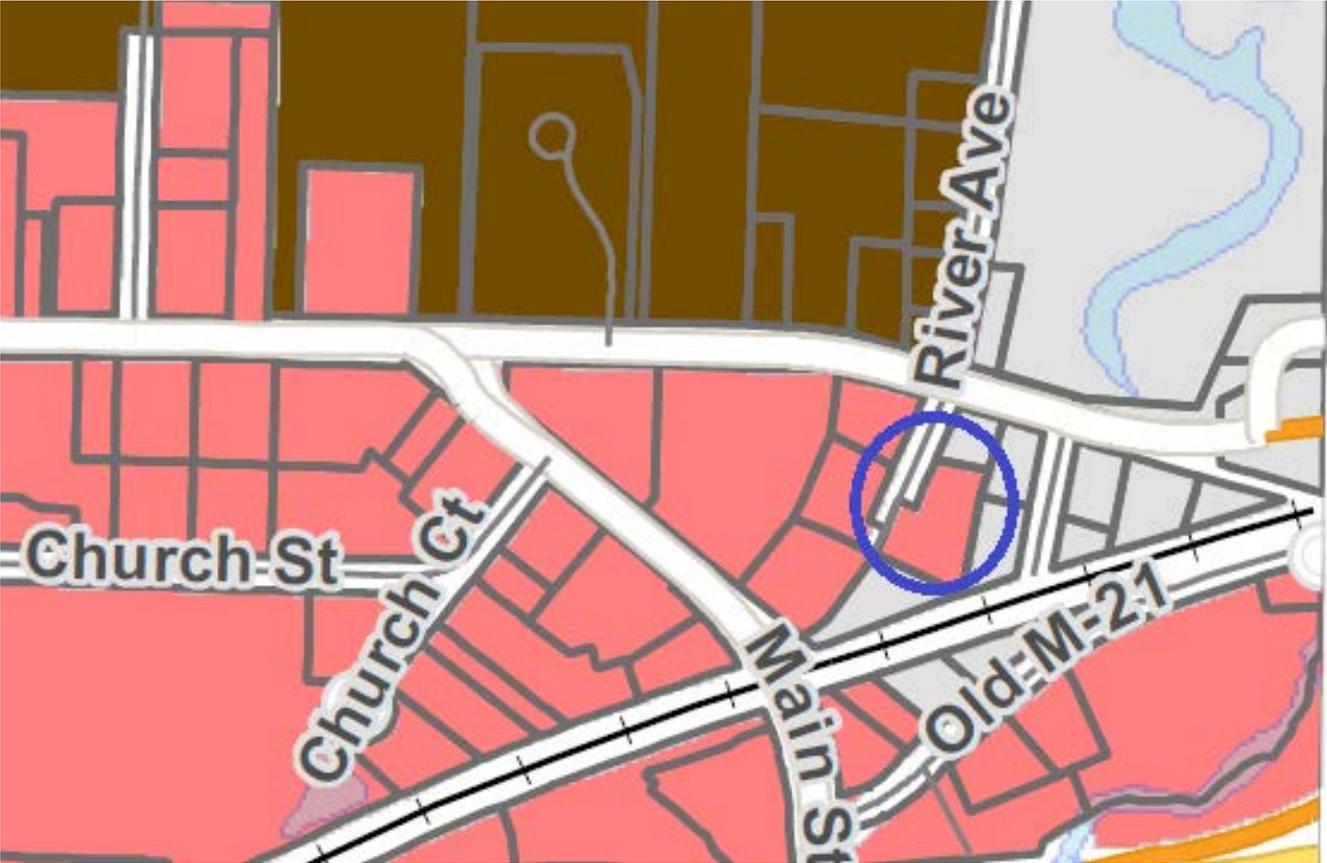

HISTORY

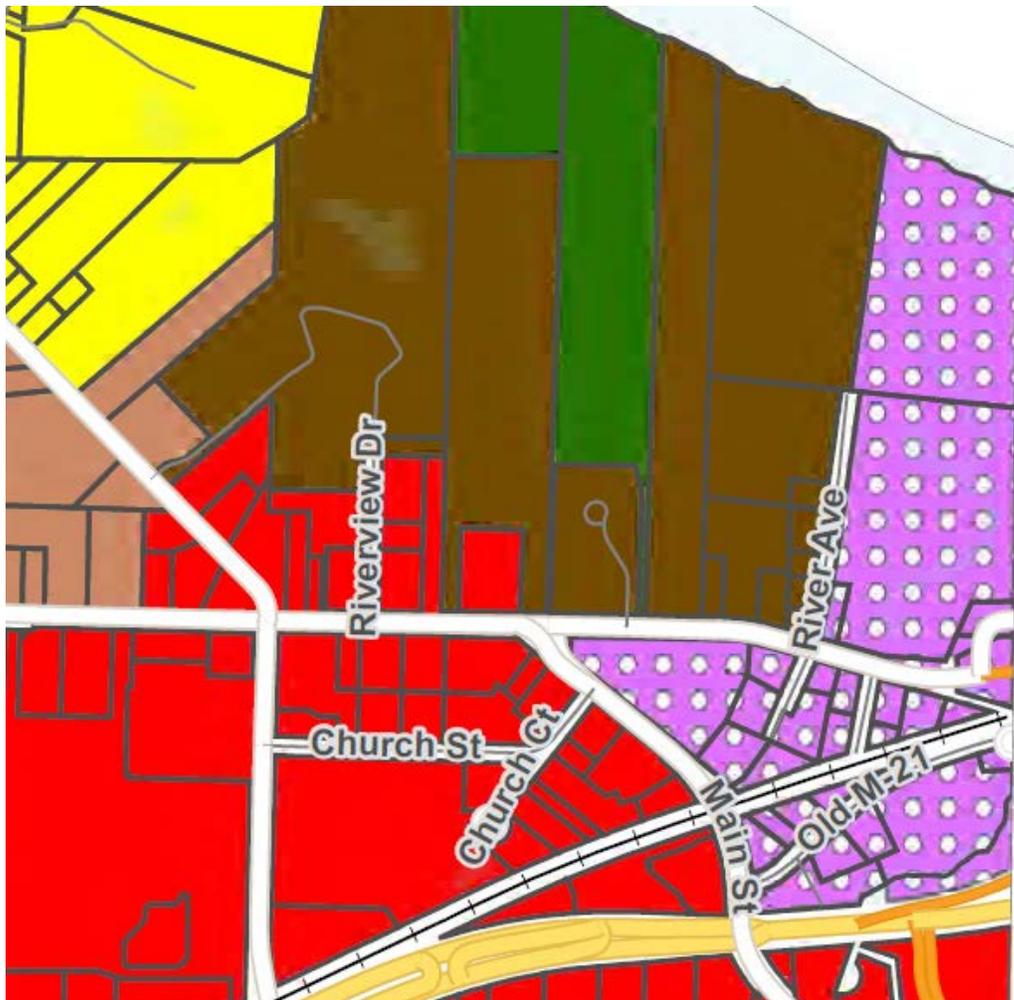

- a. On January 14, 2016, a Use Zoning Compliance application was submitted, and subsequently approved, for the use of dog grooming (under the ordinance section for Personal Service Establishment).
- b. The stipulations of the approval state that **there shall be no overnight boarding of animals, the animals cannot be kept outside and all activities shall be within an enclosed building.** The reason for the stipulations was because the use was ONLY to be for dog grooming and not boarding. These conditions were based on the definition of “kennel,” which is defined in the ordinance as any lot or premises on which four or more animal, four or more months of age or older, are kept temporarily or permanently for the purpose of breeding, boarding or for sale.
- c. The site is nonconforming because the building does not meet setback requirements.

Zoning map and legend. Note that the parcel is surrounded by Industrial zoning to the north, east and south. The property to the west is zoned CS.

RELEVANT MASTER PLAN LANGUAGE

Page 33 of the Master Plan states:

Industrial Land Use Policies:

The benefits of new industrial development should be weighed against the resulting traffic impacts, land use conflicts and potential noise, odor and other adverse impacts of industrial growth.

New industrial development should be directed to select areas which have good road access and utility services, or are planned to receive them, and where conflicts with other land uses are minimized.

Page 40 of the Master Plan states:

The Future Land Use Map reflects the expected continued development of the Township as a high-quality residential community. In addition, smaller amounts of land are provided for expansion of the Township's commercial and industrial base. Following is a discussion of the Future Land Use Map organized according to several specific geographical sub-areas of the Township which served as the focus for issue identification and policy development by the Planning Commission. **The map shall be used in conjunction with the text of the Land Use Plan since the language is a vital part of the Plan relative to uses that are planned for the future without specific locations known at the time of the adoption of the Plan.**

Jenison Commercial Core

The land adjacent to the Chicago Dr., Baldwin St., and Cottonwood area serves as the commercial service core of the Township. The extension of Cottonwood St. south of Chicago Dr. to Port Sheldon Rd. provides the opportunity for minor expansion of the commercial core and could be developed as a Town Center. Commercial uses should not encroach any further north on Cottonwood or west on Baldwin St.

Land on the east end of Baldwin St. near the access to I-196 including the land to Chicago Dr. could be redeveloped with mostly low intensity commercial use such as Office Service, with limited access, and possibly higher density residential uses. Consideration should be given for the area to be a single development, or as much as possible, with very limited access to the main roads and with most accesses to interior roadways only. Consideration should be given for connection to bike trails or mass transit. However, the Grand River and Rush Creek floodplains, as well as the nearby City of Grandville waste treatment facility may impose limits on the extent of any new development along the east end of Main St. In addition, any development in this area should have special attention paid to aesthetics such as landscaping and identifying signage since this is one of the major gateways to the community.

REVIEW STANDARDS

Rezoning goes with the land, not the property owner or use. Therefore, once a parcel is zoned to a particular classification, the zoning is permanent unless changed by a subsequent rezoning action. Zoning cannot be conditional and a parcel cannot be rezoned for one specific use. Any use permitted within the zoning district is permitted on the property, provided the other applicable regulations of the Zoning Ordinance (lot sizes, setbacks, etc.) are met.

The following standards are used for consideration by the Planning Commission and Township Board in their review of the rezoning request.

1. **Consistency:** Is the proposed zoning and all of its permitted uses consistent with the recommendations of the Township Land Use Plan?

Yes. Although the Future Land Use Map shows the area as PUD due to the initial desire of the Township to see the entire area developed as a PUD when the I-196 expressway entrance was constructed, using the language of the Master Plan a determination can be made that the proposed Industrial zoning is consistent with the Master Plan.

The text of the Master Plan states that the map should be used in conjunction with the language in the Master Plan. It also states “New industrial development should be directed to select areas which have good road access and utility services, or are planned to receive them, and where conflicts with other land uses are minimized.” The determination can be made that this site meets that criteria.

Further, the Master Plan in 2004 references the connection to the I-196 expressway as contemplated for the future and suggests the area should be developed as one development, such as a PUD. The Master Plan in 2010 references the Baldwin St. entrance as constructed and suggests the area should be developed as one development, such as a PUD. This idea of one development was contemplated for the past 16 years and has not come to fruition. Rather new development in this area has occurred on single parcels, including the new signage and landscaped area, the Veteran’s Plaza and the Starbucks building. In 2021 when the Planning Commission reviews the Master Plan, this area should be evaluated for future plans that would be more realistic, taking into account the current new development in the area..

2. **Compatibility:** Is the proposed district and all of its allowed uses compatible with the surrounding area?

Yes. The adjacent property to the north, east and south is zoned Industrial

3. **Capability:** Is the property capable of being used for a use permitted within the existing zoning district?

Yes, it is capable of being used in the CS and I districts

4. **Other considerations:** Will the rezoning require an inordinate expenditure of public funds (road improvements, utility extension, etc.) to make the development feasible?

No. The site is already constructed and serviced by public water and sanitary sewer.

5. **Will the rezoning cause development to “leap frog”** other undeveloped areas in the same zoning district and necessitate premature extensions of services to rural areas of the Township?

No. The site is ¾ surrounded by Industrial.

6. **Is there sufficient vacant land already zoned in a specific category** (e.g., industrial, multi-family, commercial)?

Not necessarily.

7. Is the rezoning more likely to be granted if conditions could be attached (rezonings cannot be conditional)?

No.

SUMMARY

The proposed zoning designation appears **to be consistent** with the language of the Master plan. The area is **determined to be capable** of sustaining the uses within the Industrial district. The uses allowed within the Industrial district are **compatible** with the neighboring uses, both the adjacent I and the adjacent CS.

OPTION FOR MOTION

If the Planning Commission determines that the property should be rezoned to I the following motion is provided.

Re: Proposed Map Amendment (Rezoning) for 7560 River Avenue – 70-14-13-427-011

Dear Chairperson Smit:

On behalf of Leah Swathwood and Captain K9 of 7560 River Avenue, attached is an Application for Rezoning to change 7560 River Avenue from the Community Service Commercial (CS) Zoning District to the Industrial Zoning District. The purpose of our rezoning request is to operate a Kennel on the property.

As you know, our firm regularly provides planning and zoning services to numerous townships in West Michigan, seven of which are located within Ottawa County. We frequently advise our communities regarding rezoning requests. Within this letter we outline details of the property and your seven review standards.

Property Details

The property is approximately three quarters (3/4) of an acre in area. As you will note within the attached materials, the property is located on the east side of River Avenue, south of Baldwin Street just west of the Chicago Drive and I-196 expressway interchange. The property abuts the Industrial Zoning District to the north, east, and south. Property located across River Avenue to the west is zoned within the CS District. In addition, the property abuts the railroad at its southeast corner. As you may know, the existing building currently houses a dog grooming business.

Review Standards

Below are your review standards as provided within the Application for Rezoning. We address each of these related to our request, which we believe warrants a recommendation of adoption.

THE FOLLOWING STANDARDS WILL BE CONSIDERED BY THE PLANNING COMMISSION AND TOWNSHIP BOARD IN THEIR REVIEW OF THE REZONING REQUEST.

1. CONSISTENCY: IS THE PROPOSED ZONING AND ALL OF ITS PERMITTED USES CONSISTENT WITH THE RECOMMENDATIONS OF THE TOWNSHIP LAND USE PLAN?

As you are aware from Zoning Administrator Minier, the property is located within the Mixed Use PUD category of the Georgetown Charter Township Master Plan (GCTMP). The Mixed Use PUD category is described on page 38 of the GCTMP as follows.

Development in this category includes a mix of commercial, and/or residential and/or industrial uses intended to be served by public water and sewer services. In some cases, development of attached forms of housing may be appropriate, at low densities, in response to site specific circumstances, such as wetland, steep slope, floodplain, or other natural features constraints. The intention is to provide for flexibility in the regulation of land development and to encourage innovation in land use and variety in design, layout and type of structures, as well as to encourage open space and enhanced site and building architectural features.

For your convenience, below is a snapshot of our property and the surrounding properties within the GCTMP Map.

7560 River Avenue, 70-14-13-427-011 = Blue outline

-  PUD Mix, PUD Mix Use
-  CC, Community Commercial
-  HDR, High Density Residential

As Zoning Administrator Minier noted, the intent of the Mixed Use PUD category for our property and the immediately surrounding area was to accommodate one large development for mixed use purposes. As you know, this development did not come to fruition. Given this, an alternative category, such as Industrial, appears appropriate for our property. Consequently, we offer the following findings regarding Industrial property within the GCTMP.

Chapter Five – Traffic and Vehicular Circulation

On page 26 of the GCTMP, the text indicates that, “access to the I-196 expressway is provided at Chicago Dr...and at the east end of Baldwin St.” In addition, the GCTMP indicates that, “Baldwin, Cottonwood, Bauer, Fillmore, and Chicago Dr. are main thoroughfares that move traffic from residential areas to the Jenison commercial center and to the expressway interchanges.” As is evident from these provisions, our property is located immediately adjacent to the main thoroughfares, which is important to industrial uses. Not only does it eliminate noise and traffic disruptions from industrial uses in more populated residential areas, but the proximity also provides convenient and quick access that industrial users depend on for efficient operations, particularly related to distribution needs. Given this, our request is consistent with these provisions of the GCTMP.

Land Use Issues

The GCTMP identifies numerous Land Use Issues, including conflicts between uses. Specifically, on page 28 the GCTMP addresses the need to reduce negative impacts to residential developments when located in close proximity to industrial or commercial uses. In fact, in the instance of industrial or commercial uses within close proximity to residential developments, the language suggests that buffering elements should be used to reduce negative impacts. While this provision is more commonly used during land use review, we believe our proposal prevents this land use issue given our separation from residential development as a result of our location. Given this, our request is consistent with this provision of the GCTMP.

Goal

On the basis of your identified Land Use Issues, the GCTMP established several goals and policies. In particular, on page 30 the GCTMP indicates a desired goal “to achieve and maintain a mix of residential opportunities served by distinct neighborhood commercial nodes and identified industrial concentrations...” As mentioned above regarding the Land Use Issue of a conflict between uses and given the likely abandonment of the Mixed Use PUD category, we believe our request is consistent with this provision of the GCTMP by concentrating industrial property and creating a separation of uses where conflicts could otherwise occur.

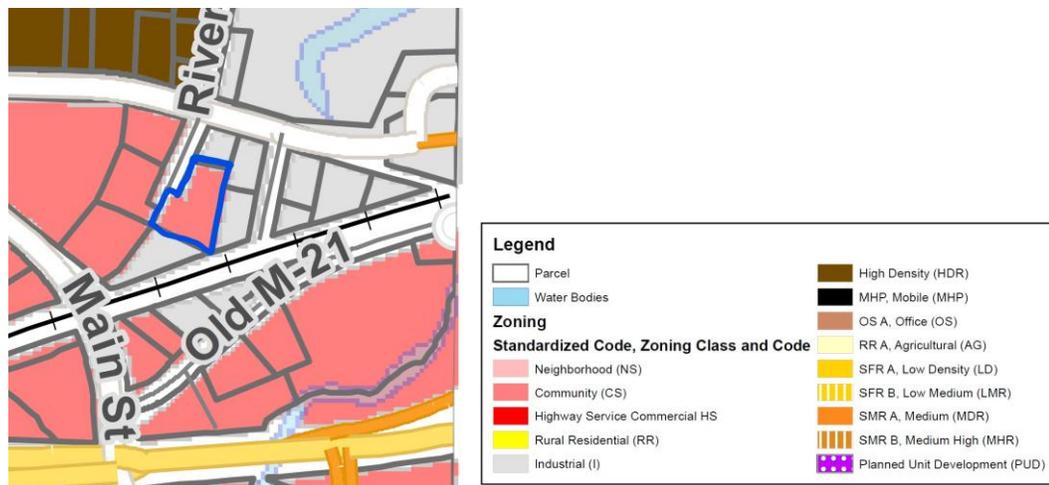

Industrial Land Use Policies

Additionally on the basis of your identified Land Use Issues, page 33 of the GCTMP indicates that, “new industrial development should be directed to select areas which have good road access and utility services, or are planned to receive them, and where conflicts with other land uses are minimized.” As noted within the Chapter Five portion of our letter above, our property is located with direct access to a significant transportation network, including Baldwin Street, Chicago Drive, and the I-196 expressway. Further, public utilities are present at our property. Given this, our request is consistent with the Industrial Land Use Policy of the Master Plan.

As a result of the aforementioned findings, we believe the proposed zoning is consistent with the recommendations of the GCTMP.

2. COMPATIBILITY: IS THE PROPOSED DISTRICT AND ALL OF ITS ALLOWED USES COMPATIBLE WITH THE SURROUNDING AREA?

As aforementioned, surrounding properties are zoned within the CS District and the Industrial District. For your convenience, below is a snapshot of our property and the surrounding properties within the Georgetown Charter Township Zoning Map. Our property, 7560 River Avenue, 70-14-13-427-011, is outlined in [blue](#).

In addition, surrounding uses to our property include the following:

- Insurance agency office
- Civil engineering office
- Orkin Pest Control
- Tattoo shop
- Oil and tire service center
- Muffler service center
- General warehousing

All of these surrounding uses are allowed within the Industrial Zoning District. Permitted uses within the Industrial Zoning District include office buildings, vehicle repair establishments, Contractor's yards, Contractor/showroom, Warehousing, and commercial enterprises producing merchandise on the premises to be sold at retail and/or wholesale. Given this, it is reasonable to conclude that any other permitted use within the Industrial Zoning District would be compatible with all of the surrounding uses since said uses are by right within the District.

Uses requiring special approval within the Industrial District include the following:

- Waste treatment facilities
- Water supply and treatment facilities
- Waste disposal facilities, including incinerators and sanitary landfills
- Airports and Landing fields
- Commercial soil removal
- Heating and electric power generating plants
- Junk yards and salvage yards
- Commercial radio and television and wireless communication towers
- Community Fair
- Restaurants having a distillery, brewery or winery on the same site

While these special uses are allowed within the Industrial Zoning District, it is unlikely that our property will support the majority of these uses given its area, except restaurants having a distillery, brewery or winery on the same site. In regards to said restaurant, our proximity to similar commercial-type use provides for the natural compatibility with those uses. Given the aforementioned, we believe that the property itself prevents any uses that could be incompatible with the surrounding area.

3. CAPABILITY: IS THE PROPERTY CAPABLE OF BEING USED FOR A USE PERMITTED WITHIN THE EXISTING ZONING DISTRICT?

Our property is capable of being used for a use permitted within the existing zoning district and is currently used for such with occupancy by Captain K9, which is a dog grooming facility. Despite this, our property is equally capable of supporting Industrial Zoning District uses including office buildings, vehicle repair establishments, Contractor's yards, Contractor/showroom, and commercial enterprises producing merchandise on the premises to be sold at retail and/or wholesale, among other uses.

4. OTHER CONSIDERATIONS: WILL THE REZONING REQUIRE AN INORDINATE EXPENDITURE OF PUBLIC FUNDS (ROAD IMPROVEMENTS, UTILITY EXTENSION, ETC.) TO MAKE THE DEVELOPMENT FEASIBLE?

Our requested rezoning will not require any expenditure of public funds to make the development feasible. As aforementioned, the adjacent transportation network is ideal for industrial uses particularly given our proximity to Chicago Drive and the I-196 expressway. In addition, public utilities already exist at the property.

5. WILL THE REZONING CAUSE DEVELOPMENT TO “LEAP FROG” OTHER UNDEVELOPED AREAS IN THE SAME ZONING DISTRICT AND NECESSITATE PREMATURE EXTENSIONS OF SERVICES TO RURAL AREAS OF THE TOWNSHIP?

Our requested rezoning will not cause development to “leap frog” other undeveloped areas in the same zoning district and necessitate premature extensions of services to rural areas of the Township. Again, our property benefits from an existing transportation network as well as public utilities. As shown on the Zoning Map excerpt within our letter, the requested Industrial Zoning District is immediately adjacent to our property to the north, east, and south. In addition, uses that are permitted within the Industrial Zoning District exist adjacent to our property. Therefore, no leap frog of development could occur.

6. IS THERE SUFFICIENT VACANT LAND ALREADY ZONED IN A SPECIFIC CATEGORY (E.G., INDUSTRIAL, MULTIFAMILY, COMMERCIAL)?

While additional vacant land exists within the Industrial Zoning District, the vast majority of said District land is occupied.

7. IS THE REZONING MORE LIKELY TO BE GRANTED IF CONDITIONS COULD BE ATTACHED (NOTE: REZONINGS CANNOT BE CONDITIONAL)?

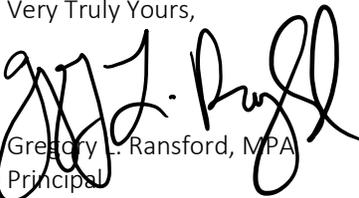

We do not believe that the rezoning is more likely to be granted if conditions could be attached, based on our aforementioned GCTMP findings and our findings regarding your Review Standards.

Conclusion

As a result of the aforementioned Master Plan findings and consideration of your Review Standards, we believe our request is consistent with the GCTMP, is compatible with surrounding districts and uses, and is capable of supporting the uses permitted within the Industrial Zoning District. As a result, we believe a recommendation of adoption is appropriate.

Thank you for your review and consideration of this request. If you have any questions, please do not hesitate to contact us anytime.

Very Truly Yours,

Gregory L. Ransford, MPA
