Subject: Request for crosswalk at Baldwin and Sunset intersection

Dear Mr. Carlton,

I am writing to see if the following request could be put onto the agenda for the next Utilities Committee Meeting: I think it would be a great benefit to the community if there were a crosswalk at the intersection of Baldwin St and Sunset Ave in Jenison to provide more pedestrian access to the Georgetown Township Library. As it is now, pedestrians that are coming from the south side of Baldwin can only cross safely at the intersections at 12th Ave or 20th Ave, which is quite out of the way. My family and I love the library and go there often, but because we live on the south side of Baldwin, we feel obligated to drive to the library when we would prefer to walk. This would be especially beneficial when the library hosts the outdoor markets, etc. and would make this part of Jenison feel more like a community that is friendly to pedestrians. Thank you for your consideration and feel free to let me know if you have any questions.

Sincerely,
Bret Linford
