Re: Blendon Meadow Condominium – Public Utilities Request

Dear Mr. Hanenburg:

The Blendon Meadow Condominium project is a new conventional condominium project adjacent to the South Blendon Vista Apartment project in Section 25 of Blendon Township. The project is located South of Port Sheldon Street and west of the newly construction Blendon Drive. The condominium project consists of 25 single unit and duplex buildings with a total of 47 units.

The public sanitary sewer will be extended to serve all the units from an 8" sanitary sewer that was constructed off Port Sheldon Street during the South Blendon Vista Apartment project last year. The public watermain will be extended into the project from an 8" line that was stubbed into the property across from Blendon Drive. I've attached a copy of the overall site plan and construction plan set for the project for your review.

Please consider this a formal request for the proposed utility extensions for consideration on the January 10, 2022 Utility Committee meeting.

Sincerely,

Jonathan Male, P.E
