Subject: CVTRS Submission – Georgetown Charter Township

To Whom it May Concern:

Please see attached for the required supporting documents including the Certification (Form 4886), Performance Dashboard, Debt Service Report, 2018 Projected Budget Report, and the 2019 Adopted Budget. Additionally, we have attached our 2017 Audited Financial Statements for your convenience. All of the data contained in these attachments, with the exception of Form 4886, are available on our website at www.georgetown-mi.gov.

Please note that Georgetown Charter Township follows all applicable laws and regulations related to the proposing the annual budget, holding a public hearing on said budget, and formally adopting the budget prior to the start of the fiscal year. Additionally, amendments are made throughout the year as necessary when circumstances, favorable or unfavorable, arise after the budget is adopted. The annual budget is prepared based on a number of estimated and known factors. Tax revenues are estimated based on known millage rates and anticipated land values. Revenues received from the State of Michigan are estimated based on historical payments received and State Treasury projections. Other revenues that are fee-based, such as water revenues, transportation fares, or hockey leagues, are based on historical results, estimated increases or decreases in rates and /or number of participants, and other known factors. Budgeted expenses for items such as salaries, health insurance, and utilities are based on current rates considering expected increases or decreases in either rates or quantities. Expenses for capital projects, such as a park renovation or new fire truck, are based on bids and estimates as per the Township's formal bidding and purchasing policy. Expenses related to fee-based revenues are estimated based on anticipated number of users and historical cost to provide such services.

Sincerely,

Dan Carlton
