Checking Out and Reading with Mobile Apps

For additional help, visit the RBdigital library collection **HELP** page.

Enhance your reading experience with RBdigital mobile apps, including those for iPad®, iPhone®, Android™, and Kindle Fire™/HD/HDX.

Access your app store directly or from the links provided on the library collection page.

The Kindle Fire app requires that you enable your device to accept apps from "other" non-Kindle Store sources. Kindle Fire™/HD/HDX install instructions are in the footer of the RBdigital page.

RBdigital apps require downloaded editions of the magazine.

Use the RBdigital mobile app to read your magazines and check out additional magazines. To check out additional magazines, select **CHECKOUT** on your device and check out magazines from your library collection. Return to your collection by selecting the menu in the upper left, then select **HOME** or any of the other desired options. Select magazines to download and read.

Thank you for using RBdigital!
